	MON	TUES	WEDS	THURS	FRI
2:30-4:00	Junior Science: Chemistry A Music on the Go	Saint Brigid Hams	Junior Science: Chemistry A	St. Brigid Hams Tendercare	Inquiring Minds Project
4:15-5:45	Junior Science: Chemistry B	Art is for Everyone	Junior Science: Chemistry B	World Ambassadors	
3:00-5:00 (MS)	ExploraVision				TIFS

WORLD AMBASSADORS CLUB

grades 2-5, starts Oct 7

Pack your bags for a trip where you don't need a passport nor luggage, not even a toothbrush, but 'Oh the places you'll go!' On this first journey, you and your fellow travelers visit countries in South America, discover what life is like there by participating in games, festivals, dances, stories and of course food! You will want to send everyone you know an 'I Wish You Were Here' postcard.

TOGETHER IN FAITH AND SERVICE

grades 6-8, starts Oct 8

In this club, we will explore the talents God gave us and discover creative ways to use them to help others -- making friends all along the way.

TENDER CARE PALS

grades K-5, starts Oct 7

This year, the club will make friends with the residents from Tendercare and Riverside Place with an exchange of gifts, stories and games.

JUNIOR SCIENCE: CHEMISTRY

grades 4-6 (two class times available -- see schedule)

Starts Oct 4

Chemistry isn't just a science, it's an adventure. You will observe the changes in matter as you experiment with chromatography, polymers, acid base reactions, environmental chemistry and more. In Junior Science: Chemistry, you'll explore baking soda and vinegar reactions, solving an ink pen mystery, and experiment with dry ice and liquid nitrogen.

SAINT BRIGID HAMS

grades 2-5, starts Oct 7

Learn to understand the story and its characters, stage movement and use of voice doing improvisations and pantomime. Then learn how to set the story on stage and have a hand in it all: plan and build sets and properties, design make-up and costumes and decide which sounds and lights will bring it all alive!

ART IS FOR EVERYONE

grades 2-5, starts Oct 5

Explore art through time and place around the world through fun art projects. Discover how to relate art to your own life. Explore why artwork is made and why it's important. Make paintings like the cavemen (using their tools and materials), a pillow as folk artists do, a poster like pop culture. Investigate what effect your life and times have on YOUR art. And create an art exhibition of your creations!

EXPLORAVISION

grades 4-8, starts Oct 4

ExploraVision encourages kids to create and explore a vision of future technology by combining their imaginations with the tools of science. All inventions and innovations result from creative thinking and problem solving. That's what ExploraVision is all about. Teams of students will be challenged to predict how technology will transform 20 years into the future! What will you imagine?

MUSIC ON THE GO

grades K-3, starts Oct 4

Children's creativity is key in this dynamic music class from the Children's School of Music. Music on the Go will emphasize ear training, solfege singing, note reading and writing, pitch and rhythm awareness through active experiences such as playing instruments, movement, and of course, playing lots of piano! Creativity is welcome!

INQUIRING MINDS PROJECT

grades 2-4, starts Oct 8

This project is all about experiments! You will conduct experiments, consider your results and design further experiments. We will focus on an awareness of the world around us by investigating neuroscience, optics and how our senses mislead us, plant science, simple machines, chemistry, and perhaps some electronics. Our goal will be to discover that "science is fun!!"

EUREKA FACTORY

Registration Form

Register by Sept 27, 2010

- Junior Science Chem A*
- World Ambassadors Club
- Art is for Everyone
- Tendercare Pals**
- ExploraVision
- Junior Science Chem B*
- Saint Brigid Hams
- TIFS**
- Music on the Go
- Inquiring Minds Project

7-Meeting Programs

\$70 + \$5 materials

*14-Meeting Programs

\$135 + \$5 materials

**Suggested Donation Classes

\$35 (optional donation)

Scholarships are available for ALL classes!
